

TRAFFIC CONTROLLER SKILLS PROGRAM

(RIISS00054 – Traffic Controller Skill Set and
RIISS00055 – Traffic Management Implementer Skill Set)

The right to act as a worksite Traffic Controller on NSW roads is highly valued by a wide range of industries and provides you with the opportunity to earn good money in this in-demand occupation.

This course will provide the participant with the knowledge and skills to perform traffic control competently while giving full consideration to their own safety, the safety of their coworkers and the safety of the public. It is suitable for people looking for part-time work, as well as those wishing to become a permanent employee in this area.

This 3-day course is accredited by Safework NSW and includes the 2 skill sets;

1. RIISS00054 - Traffic Controller Skill Set
2. RIISS00055 - Traffic Management Implementer Skill Set

Program Outcomes

✓ Stop/direct road users using a stop/slow bat and understand stopping sight distances

✓ Monitor traffic with portable traffic control devices and temporary traffic signs according to traffic management plans and traffic guidance schemes

✓ Maintain traffic incident reports

✓ Understand the Traffic Guidance Schemes (TGSs) also known as Traffic Management Plans (TMPs) for the site

✓ Assess and respond to changes in the environment, for example traffic volumes, weather conditions, road conditions, Work Health and Safety (WHS) and operational requirements

✓ Carry out risk assessments for personal safety

✓ Use communication methods and devices

✓ Conform to traffic control policy and procedures
